Portraits in style.

MARYAN MEHLHORN opts for the masterclass in swimwear. The premium brand is committed to create long lasting value for fashion-conscious consumers and focuses on high-quality distribution. By combining sophisticated silhouettes and luxury comfort, the brand creates true signature looks to boost personality. Credibility in craftsmanship, fabrics and manufacturing. Dedicated to women's freedom.

In **Spring/Summer 2023**, swim fashion evolves to new strength, embracing the return of seductive dressing. A subtle glam attitude acts as counter movement to previous seasons' mood, expressing optimism and backbone through colour, cut-outs, lacing, corsetry-inspired tailoring, sparkling embroideries or metallics yarns. MARYAN MEHLHORN explores architectural inspiration, nostalgic retro resort vibes, macro prints with joyful sentiments, newly defined bohemian attitude, glam effects and handcrafted details. The launch of a fabric innovation made from a bio-based fibre proves that swimwear grounded on holistic long-term values and fashion's desirability are allowed to merge.
