CHANTELLE GROUP.

In 2017, we aimed to optimise our brand architecture, create brand synergies and lead the industry into a new era by gathering our brands under the CL umbrella. In response to the global pandemic in 2020 and with the protection of our brands in mind, we decided to capitalise on the enduring strength of our founding brand, Chantelle by replacing the CL name.

In doing so, we aimed to expand the Chantelle brand even further, allowing it to unite all of the brands in the group through shared values and a common direction. Now several seasons into this move, the Chantelle logo has replaced the CL logo on all of our marketing assets and 'By Chantelle' has been employed as a signature alongside all other brand logos in the group. This has created stronger brand recognition and easy identification for all brands as part of the Chantelle Group.

As we move into another season, we look to continue this brand unification and look to leverage the success of the Chantelle brand name in favour of all brands in the group.

CHANTELLE FOR CHANGE.

We are Chantelle – an international creative studio based in Paris and a family business that makes lingerie since 1876.

Through our brands, built on the principles of collaboration and innovation, our group challenges conventional ways of designing, portraying and thinking about lingerie.

Respect is what we stand for. Creativity is what we foster. Honesty is what we value. And quality is what drives us.

For 145 years, we have made a point of managing our growth responsibly, while actively contributing to the well-being of our employees, partners and customers. Since its beginnings, our company has succeeded in building trusting and meaningful relationships with its stakeholders and is known for its product expertise, its high quality standards and its historic commitment to serving all women.

In an effort to improve our global and social impact, we are driven by a long-term vision of a more equal, inclusive and respectful society. We aim to meet the great challenge of our times, related to climate change, biodiversity and social justice, in order to positively contribute to the world of tomorrow.

Beauty, in all its forms, is what we care to protect: whether it be human-beings and their diversity, nature and its riches, or our know-how and its history.

We are Chantelle and we believe we can make a difference.
If you are reading this, then you can be part of the journey.

Change is a collective adventure.

Eco-designed lines are identifiable with the 'Chantelle - Eco-Design' stamp

SS23 MEGATREND.

THE BALEARICS:

A group of tiny islands which loom large in our collective imagination...

For thousands of years people have been drawn to the middle of the Mediterranean by their magnetic pull - from Greeks to Romans, hippies to ravers, recluses to influencers. Now, as we move further from the restrictions imposed by the pandemic, we seek greater understanding of both the physical and spiritual worlds from an appreciation of nature and connection with others to a wild side, in tune with the rhythms of the universe.

For many journeying souls, the Balearic islands call again....
